The figures shown against item (*a*) (iv) above represents the number of directly recruited Sub-Inspectors who have passed in all the subjects in the examinations held in the Police Training College in October 1952 and March 1953. Those who have failed will be given a second chance to pass the examination.

Most of the Head Constables who completed their training could not be promoted as Sub-Inspectors for want of vacancies. Even though there was no immediate chance of their promotion, the training was arranged, so that those who are nearing 40 years of age (the upper age-limit fixed for training) may not lose their chance of promotion completely.
